

The **Ellex Value-Added SLT Program** is designed to maximise the potential of SLT in your practice. The program delivers treatment information based on the extensive experience of doctors, researchers and clinicians worldwide - as well as valuable educational tools for patients and the media. In addition, Ellex's rapidly expanding network of SLT experts ensures that clinical expertise and support is available whenever and wherever it is needed.

slt-ellex.com

THE PRIMARY ONLINE RESOURCE FOR SLT.

The Ellex SLT website, **slt-ellex.com**, is designed specifically to help you incorporate SLT into your practice. As the premier online SLT resource, it provides a forum for networking with peers and industry experts. Continually updated, the site provides access to a comprehensive database of information and provides a number of clinical tools, including treatment protocols, a comprehensive bibliography and patient educational materials:

Exclusive access for Ellex SLT users	Ask the Experts: Submit questions for review by the Ellex clinical advisory network
	Bulletin Board: Network online with other SLT users
Public access	Bibliography: A compilation of more than 140 papers, journal and peer-reviewed articles
	Clinical Tips: Insight from experienced SLT users on patient selection, treatment protocol and other SLT-related topics
	Events: Overview of Ellex User Group Meetings, as well as highlights from recent symposia and congress events
	Presentations: Download a presentation or webinar from a recent Ellex SLT symposium

practice marketing tools

SUPPORT FOR YOUR PRACTICE.

Ellex has created educational materials specifically designed with your patients and practice in mind. These materials, which can be downloaded from slt-ellex.com, include a patient education brochure and waiting room poster written in non-clinical, easy-to-understand language. Also available are

a range of more technical marketing literature, along with a media press kit that can be used to raise the visibility and awareness of SLT in your area.

- Patient education brochure and waiting room poster
- Media press kit for raising visibility and awareness
